EDUCATION

CIS - Computer Science, Expected in 05/2027

Nicholls State University - Thibodaux, LA

PROFESSIONAL SUMMARY

A Junior, Computer Information Systems (CIS) major with a concentration in Computer Science at Nicholls State University, with hands-on experience in web development, technical support, and data management. Skilled in building responsive web applications using HTML, CSS, JavaScript, and React, and experienced in troubleshooting and device configuration while supporting students and staff in a university library environment. Demonstrates strong adaptability, communication, and problem-solving abilities. Seeking a Software Development, Software engineering or IT internship to apply technical skills, contribute to team projects, and gain real-world experience in a dynamic, collaborative environment.

SKILLS

Frontend & Web Development: HTML5 • CSS • JavaScript • React • Responsive UI development.

IT & Technical Support: Technical support • Troubleshooting • Basic hardware and device configuration • Printer and scanner support • Basic networking concepts .

Professional Skills Communication • Teamwork • Attention to detail • Adaptability • Time management

Backend & Data (Foundational): Supabase (authentication and database integration) • REST API integration • Basic SQL • Data handling fundamentals.

Tools & Platforms: Git & GitHub • VS Code • Chrome DevTools • Vercel • Google Workspace (Docs, Sheets, Drive, Gmail) • Microsoft Office • Basic command line (Git, npm)

PROJECTS & EXPERIENCE

WorkFlow App – Task & Workflow Management Web Application

Built a responsive web application to centralize task organization and productivity tracking. Designed a component-based React frontend and integrated Supabase for secure authentication and per-user data storage. Implemented full CRUD functionality with real-time UI updates and deployed the application to Vercel using GitHub for version control.

Technologies: React, JavaScript, HTML, CSS, Supabase, Vercel

Personal Portfolio Website

Developed a responsive personal portfolio website to showcase projects and technical skills for recruiters. Built reusable UI components and implemented smooth navigation and interactive project sections using React and modern CSS layouts. Deployed the site to Vercel for public access. Click [here](#) or click the link at the very top to view all project repositories and live Demos.

Technologies: HTML, CSS, JavaScript, React, Vercel

Calculator Web Application

Created a browser-based calculator to demonstrate JavaScript programming logic and user interaction handling. Implemented arithmetic operations, event handling, and dynamic UI updates using DOM manipulation with a responsive layout.

Technologies: HTML, CSS, JavaScript

EMPLOYMENT HISTORY

1. Library Student Assistant — Serials Department, 08/2025 - Current

Nicholls State University Library – Thibodaux, LA

- Managed spreadsheet datasets containing thousands of library book records, filtering and identifying materials to be retained or discarded by comparing items against library database records in preparation for migration to a new library software system.
- Evaluated and marked physical materials for donation, or discard according to serials department instructions.
- Provided customer service as an Info Desk Assistant by answering patron questions, directing students and faculty, and supporting daily circulation operations.
- Assisted the Access Services Department with shelving, shelf-reading, and classification tasks when additional support was needed.

2. Summer Student Intermediate Employee , 05/2025 - 08/2025

Nicholls State University Housing – Thibodaux, LA

- Provided comprehensive support in housing services by responding to inquiries and guiding students and parents through the housing process.
- Organized and established essential room materials and amenities in residence halls to support summer camp operations.
- Managed room readiness to uphold campus standards, facilitating smooth move-in experiences.

3. Professional Desk and Info-Desk Assistant, 08/2024 - 05/2025

Ellendale Memorial Library - Access Services Department – Thibodaux, LA

- Managed circulation processes to enhance user experience and ensure timely access to library materials.
- Guided students in locating materials, enhancing their research experience.
- Implemented Library of Congress classification system to systematically organize and shelve books, facilitating user access.
- Assisted users in navigating library technology to optimize printing and scanning operations.
- Responded to library service inquiries to improve user understanding and satisfaction.

4. Housing and Maintenance, 02/2024 - 08/2024

Nicholls State University

- Assisted in repairing buildings by replacing damaged light bulbs and smoke detectors. Supported installation of air conditioning units, washing machines, and dryers.

CERTIFICATIONS

- Meta Front-End Developer Certificate — Completed professional training in HTML, CSS, JavaScript, React, responsive UI design, and modern front-end development workflows through Coursera.
- HTML Certification — Completed coursework demonstrating proficiency in building structured web pages, semantic markup, and front-end development fundamentals with Codecademy.
- JavaScript Certification — Completed training focused on programming logic, DOM manipulation, functions, events, and interactive web application development with Meta through Coursera.
- Python Certification (In Progress) — Currently completing Python certification courses and expected to finish prior to the start of the summer internship period.
